

Features

- 3-pin screw terminal
- For KF modules of K-System
- Integrated Cold Junction Compensation
- Packaging unit: 1 piece, blue

Function

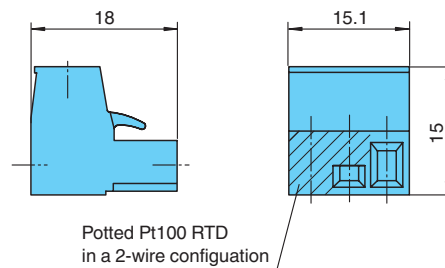

The terminal block is suitable for K-System applications.

The blue terminal block is used for connection of signals from or in the hazardous area.

This terminal block has an integrated encapsulated Pt100 RTD for cold junction compensation.

The terminal block can be coded with the provided coding pins KF-CP.

Dimensions

Technical data

General specifications	
Number of pins	3
Mechanical specifications	
Core cross-section	max. 2.5 mm ²
Material	
Color	blue
Mass	approx. 5 g
Dimensions	15.1 x 15 x 18 mm (0.6 x 0.6 x 0.7 inch)
Construction type	screw terminal with integrated cold junction compensation , removable
Structure	one-rowed
General information	
Packing unit	1 item(s)
