Technical data

General specifications

Description	Device description (IODD—IO device description) for parameterization and diagnostics of IO-Link sensors* Note: IODDs are used by Engineering Tools to generate an interface with device parameters.

Model Number

MLV41-LL IODD

IODD for communication with MLV41-LL-IO-Link sensors

Features

• Device description (IODD)

Accessories

PACTware 4.X
FDT Framework

IODD Interpreter DTM
Software for the integration of IODDs in a frame application (e. g. PACTware)
