Sensor cable for encoders - HEK 8 HQ

Description

The sensor cable HEK 8 HQ is a proven industrial product designed to match very high demands. It is halogen free and its rugged outer construction allows it to be pulled and dragged in free conditions. It is certified to UL 20233. The cable can be supplied in any length and pre-fitted with various connectors.

Part number

HEK 8 HQ Sensor cable for encoders

Suitable for

HOGS 100 S

Technical data

Signal wires	3 twisted pair signal wires AWG26 Colours: green/yellow, blue/red, grey/pink
Power wires	4 wires AWG17 Colours: brown, white
Shield	Common low capacity shield Paired signal wires shielded
Voltage	≤ 300 V
Bending radius	10 x cable diameter
Outer diameter	8.8 mm
Operating temperature	-40...+80 °C
Colour	DESINA-green (RAL 6018)
Weight approx.	110 g/m
Approval	UL approval / 20233
