

Multi headed cable Type C

Split cable for illumination

Article number: 11207777

overview

- split cable M12/12-pin female connector to 1x M8/3-pin male connector for power the camera, I/Os as well as illuminations and 4x M8/3-pin female connectors for illuminations
- The I/O voltage is distributed to the illuminations through the camera as a normal trigger signal using the cameras power output.
- length 40 cm (split at 20 cm)

technical data

electrical data		mechanical data	
number of poles	12	cable length [m]	0,4 m
connectors	M12/12-pin female connector M8/3-pin male connector 4x M8/3-pin female connector	weight	≤ 15 g
