

TwinCAT 3 Motion

TF5260 | TC3 CNC Spline Interpolation

TwinCAT CNC Spline Interpolation is an optional package for the TwinCAT CNC for path programming via splines with programmable spline type, Akima-spline, B-spline.

Technical data	TF5260
Required	TC1270
Target system	Windows 7/8/10

Ordering information	
TF5260-0v50	TC3 CNC Spline Interpolation, platform 50 (Performance Plus)
TF5260-0v60	TC3 CNC Spline Interpolation, platform 60 (Mid Performance)
TF5260-0v70	TC3 CNC Spline Interpolation, platform 70 (High Performance)
TF5260-0v80	TC3 CNC Spline Interpolation, platform 80 (Very High Performance)
TF5260-0v81	TC3 CNC Spline Interpolation, platform 81 (Many-core 5...8 Cores)
TF5260-0v82	TC3 CNC Spline Interpolation, platform 82 (Many-core 9...16 Cores)
TF5260-0v83	TC3 CNC Spline Interpolation, platform 83 (Many-core 17...32 Cores)
TF5260-0v84	TC3 CNC Spline Interpolation, platform 84 (Many-core 33...64 Cores)
TF5260-0v90	TC3 CNC Spline Interpolation, platform 90 (Other)
TF5260-0v91	TC3 CNC Spline Interpolation, platform 91 (Other 5...8 Cores)
TF5260-0v92	TC3 CNC Spline Interpolation, platform 92 (Other 9...16 Cores)
TF5260-0v93	TC3 CNC Spline Interpolation, platform 93 (Other 17...32 Cores)
TF5260-0v94	TC3 CNC Spline Interpolation, platform 94 (Other 33...64 Cores)
