

## ITEM 094839 EKS-A-K1GNWT32-EU

Description	Technical data	Accessories	Downloads
-------------	----------------	-------------	-----------

### Features

- › Memory 116 bytes E<sup>2</sup>PROM (programmable) plus 8 bytes ROM (serial number)

### Special features

- › The Electronic-Key contains a unique 8-byte serial number. This number is written by laser during the Electronic-Key production process and is stored absolutely indestructibly. The serial number is used for secure distinction of every single Electronic-Key.

### Approvals

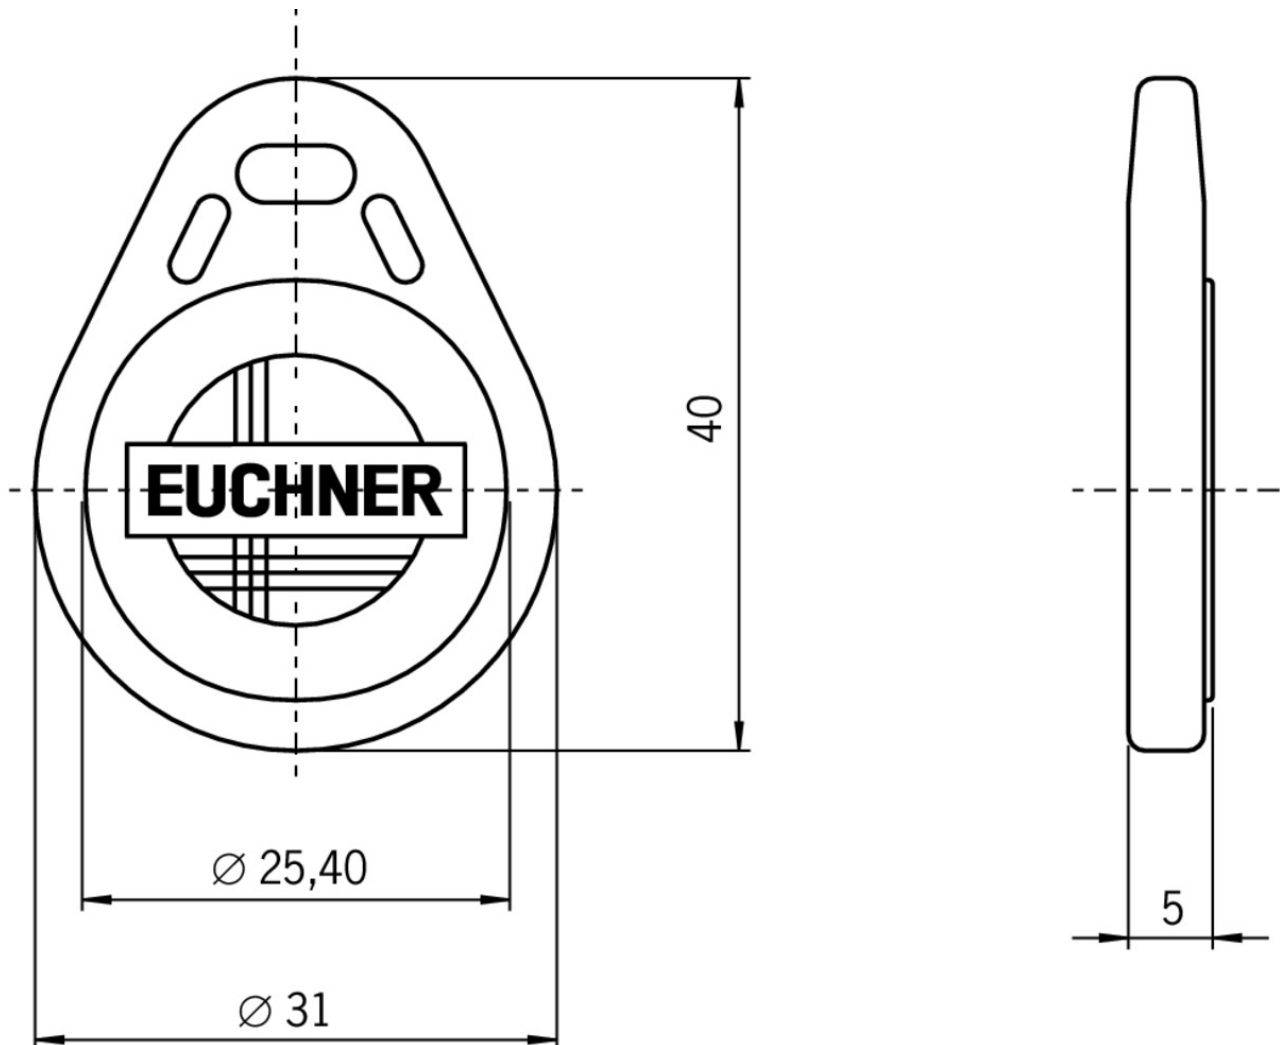

### Mechanical values and environment

Housing material	ABS, PC green
Ambient temperature	-20 ... 60 °C
Degree of protection	IP67

### Electrical connection ratings

Power supply	inductive via Electronic-Key adapter
Length of serial number	8 B Serial number read only
Number of read cycles	max.unbegrenzt
Number of write cycles	max.100000
Storage capacity	116 B Read / write
Data retention time	At +55°Cmax.10 y
