

ITEM 157543 MGBS-H-BA1A3-R-157543

Description	Technical data	Accessories	Downloads
-------------	----------------	-------------	-----------

Features

- › Intelligent bolt tongue
- › Door hinge on right (not adjustable)
- › Automatically extending lockout mechanism
- › Door handle

Bolt tongue

The bolt tongue is reliably detected by a transponder as soon as it is inserted into the switch.

Door hinge

For doors hinged on the right. The door hinge cannot be changed.

Lockout mechanism (automatically extending)

For cleaning and service on the machine the bolt tongue can be locked with max. three padlocks.

The lockout mechanism extends automatically on the actuation of the handle and prevents the operation of the handle in the safe state.

Door handle

The MGBS has a robust door handle that can be rotated in 90° steps to suit all installations. The handle rotating direction is simple to adjust.

Door knob

As an alternative to the door handle, the handle module can also be equipped with a door knob.

Approvals

Mechanical values and environment

Housing material	Reinforced plastic, die-cast zinc nickel-plated, stainless steel
Weight	Net 1,05 kg
Ambient temperature	-20 ... 55 °C
Degree of protection	IP65
Installation position	Door hinge DIN right

Miscellaneous

Additional feature	With automatic lockout mechanism
