

Model Number

PMI14V-Teach

Programming unit

Features

- Programming unit for PMI14V "F166 family"

Technical data

Nominal ratings

Operating voltage U_B	18 ... 30 V
Reverse polarity protection	yes

Ambient conditions

Ambient temperature	10 ... 40 °C (50 ... 104 °F)
---------------------	------------------------------

Mechanical specifications

Connection type	cable with V15 connector (power supply) cable with V15 socket (sensor)
-----------------	---

Degree of protection	IP20
----------------------	------

Note	The procedure of the teach-in process can be found in the description of the respective sensor .
