## **Inductive Sensor**

for Extreme Temperature Ranges

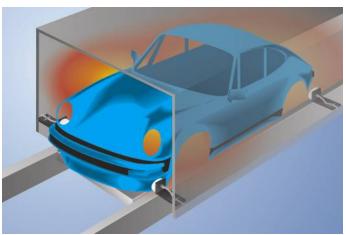

# INTT109

Part Number

- Increased switching distance of up to 40 mm
- Increased system availability thanks to maintenance output
- Long service life of up to 100 000 hours
- Quickly interchangeable sensor head

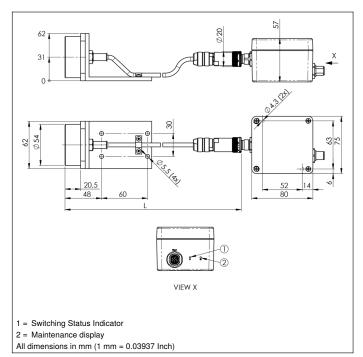

The sensors consist of a sensor head and an analysis module, and are laid out for use in very hot work environments. Together with unparalleled service life in hot surroundings, large switching distances assure maximum system availability. Easily interchangeable sensor heads with numerous standard cable lengths are additionally available as separate replacement parts. The maintenance function prevents unscheduled system downtime. Thanks to unique, patented technology (DE202011001009), the sensor indicates that it should be replaced during the next scheduled maintenance before its service life expires. Furthermore, the sensor fulfills the DESINA diagnostics function a well.

#### **Technical Data**

| Inductive Data                                 |                |  |  |
|--|----------------|--|--|
| Switching Distance                             | 40 mm          |  |  |
| Correction Factors Stainless Steel V2A/CuZn/Al | 0,81/0,56/0,52 |  |  |
| Mounting                                       | non-flush      |  |  |
| Mounting A/B/C/D in mm                         | 70/120/80/25   |  |  |
| Switching Hysteresis                           | < 10 %         |  |  |
| Electrical Data                                |                |  |  |
| Supply Voltage                                 | 1030 V DC      |  |  |
| Current Consumption (Ub = 24 V)                | < 40 mA        |  |  |
| Switching Frequency                            | 60 Hz          |  |  |
| Temperature Drift                              | < 10 %         |  |  |
| Sensor head temperature range                  | -10250 °C      |  |  |
| Temperature Range, Plug on Sensor Head         | 050 °C         |  |  |
| Analysis module temperature range              | 050 °C         |  |  |
| Switching Outputs                              | 2              |  |  |
| Switching Output Voltage Drop                  | < 2,5 V        |  |  |
| Switching Output/Switching Current             | 100 mA         |  |  |
| Residual Current Switching Output              | < 10 mA        |  |  |
| Short Circuit Protection                       | yes            |  |  |
| Protection Class                               | III            |  |  |
| Service Life (T = +200 °C)                     | 100000 h       |  |  |
| Service Life (T = +250 °C)                     | 60000 h        |  |  |
